

Welcome to Milan

The city

Milan, the capital of Lombardy, has a population of 1.3 million people. It is the biggest industrial city of Italy with many different industrial sectors. It is a magnetic point for designers, artists, photographers and models. Milan has an ancient city centre with high and interesting buildings and palazzos, which is why so many people from all over the world want to see the city of glamour.

Climate

Italy's climate is predominantly Mediterranean: Alpine in the far north; hot and dry in the south. Winter in Milan is relatively mild but foggy, with temperatures ranging from zero to 8 degrees Celsius. Summer can be very humid with brief thunderstorms; temperatures range from 14 to 29 degrees. From March through April temperatures range from 6 to 18 degrees. From October through November they range from 6 to 17 degrees.

Art & Culture

Milan has always been a rich and important city. It has always been a place full of various famous artists and offers a particular assortment of churches, buildings and monuments. There was a change of culture and art in the Renaissance with big a contribution in the period of the neoclassicism. Milan offers a big variety of buildings, monuments and museums.

The most important church is Duomo the Cathedral which is the third largest church in the world. It is overall made of marble, with immense statues, arches, pillars, pinnacles. From the roof you can experience a beautiful panorama of the city.

Santa Maria delle Grazie was built between 1466 and 1490 and modified by Bramante. In the Refectory there is one of the most famous paintings of Leonardo da Vinci: the "Last Supper".

Milan has many historic palazzos like the Palazzo Reale (Royal Palace) which is situated in the south side of Piazza Duomo. The Sforza Castle is one of the symbols of Milan together with the Madonnina and the Galleria Vittorio Emanuele II.
